Submission declaration

* indicates a required field

Thank you for submitting your site for consideration to host EV chargers in the future.

What happens next?

- You will receive a confirmation email as a record of your submission
- Your contact and site details will be added to a list of interested site hosts that the NSW government may share with prospective EV charging companies
- There's no guarantee that your site is selected, but if it is, you will be contacted directly by an EV charging company who will ask for details about your site to determine its suitability to host their chargers
- It will be up to you as the site host to negotiate terms of hosting an EV charger on your site with any respective company that contacts you, and this will not involve the NSW government
- We also encourage you to proactively contacting EV charging companies directly to host EV chargers outside of this process

This section must be completed by an authorised representative on behalf of the applicant site(s).

- I certify that to the best of my knowledge the statements made within this application are true and correct.
- I accept and confirm that completion of this NSW EV site host EOI could result in direct contact by third party organisations.
- I give consent for The Department of Climate Change, Energy, the Environment and Water to provide my contact details to potential funding applicants for consideration of any proposed EV charging stations.
- I consent to The Department of Climate Change, Energy, the Environment and Water sharing my information with potential funding applicants of other relevant NSW Government funded EV charging infrastructure programs.
- I consent to being contacted by the NSW Government regarding future EV Charging programs.
