

EV Kerbside Charging Application Form - Round 2

Form Preview

NSW EV Kerbside Charging Grants - round 2

* indicates a required field

Starting your application form

Progressing through the form in page order is suggested to reduce missing information and mathematical calculation errors. Please ensure you save as you go.

To progress forward or backward through the application, click 'next page' or 'previous page' on the top or bottom of the screen.

Use the form navigation box on the left-hand side to navigate and move around pages of the application.

Most importantly, **ensure you save your progress** at the bottom of each page before proceeding.

Download the SmartyGrants [help guide for applicants](#) or the SmartyGrants [FAQs](#) for more help.

Saving your draft application form

To leave a partially completed application, press 'save and close' and log out. You can reopen your draft application later and start where you left off.

Your application can be found under the 'My Submissions' link.

You can also download any application, whether draft or completed, as a PDF. Click on the 'Download PDF' button located at the bottom of the last page of the application form.

Submitting your application

Once reviewed, submit your application by clicking on 'submit' at the top or bottom of the screen or on the navigation panel.

You will not be able to submit your application until all the compulsory questions are completed and there are no validation errors. The system will point these out to you.

Once your application is submitted no further editing or uploading of support materials is possible.

Once submitted you will receive a confirmation email to the email address used to register, with an attached copy of your submitted application.

If you do not receive a confirmation of submission email and have checked your spam or junk email folder, then presume that your submission has NOT been submitted.

Attachments and support documents

EV Kerbside Charging Application Form - Round 2

Form Preview

Attachments are required to be uploaded and submitted to support your application. Ensure documents are saved on your computer or on a storage device to assist this process

Allow time for each file to upload before attaching another file. Files can be up to 25MB each; however, it is recommended to keep files to a maximum of 5MB.

Completing an application as a group or team

Applicants who have created a SmartyFile organisation profile can now set up multiple team members as users for your organisation with different access levels and collaborate with other team members on SmartyGrants submissions. SmartyFile also allows applicants to pre-fill information into forms and manage, view, search and sort submissions across multiple funders in one spot. For more information on setting up your organisation's SmartyFile profile, visit the [SmartyFile Help Page](#).

Applicants who choose not to set up a SmartyFile profile can work on an application using the same login details as long as only one person is working in the application form at a time. Ensure you save as you go.

Evidence for payment

Successful applicants who enter into a funding agreement will be required to return to the application platform to submit evidence for payment. Please ensure you read and understand the evidence requirements outlined in the milestone payments section of the [EV kerbside charging grants funding guidelines - round 2](#) (the guidelines).

Terms and Conditions

In these Terms and Conditions, a reference to:

Applicant means the User making an Application through the Site.

Application means an application for a NSW Government grant submitted through the Site.

Group means the State of New South Wales acting through the Energy, Climate Change and Sustainability (ECCS) Group within the NSW Department of Climate Change, Energy, the Environment and Water.

Material means the Site and all of the information and material (including all data, documents, pages, images, text, graphics, logos, audio and software) made available on the Site.

Group Representatives means employees, agents and officers of the Group.

Site or **OneGMS** means the NSW Government Grant Management System administered by the Group, which is accessible and available at <https://manage.smartygrants.com.au>, as amended from time to time.

User, You or Your means the person using or accessing the Site and includes an individual, partnership, or any body or person whether incorporated or not.

Overview

EV Kerbside Charging Application Form - Round 2

Form Preview

The Site is owned and administered by the State of New South Wales acting through the Energy Climate Change and Sustainability Group within the NSW Department of Climate Change, Energy, the Environment and Water.

The Site enables the User to submit and manage applications for NSW Government ECCS grants. The Group uses the Site to collect and store information in relation to the administration of grants. The Site is built using the SmartyGrants platform.

By accessing or using the Site, You agree to be bound by these terms and conditions and any applicable instructions, processes, procedures and recommendations as advised on the Site.

Use of the Site

In accessing or using the Site, You agree:

- not to register with the Site or sign up to receive information for anyone other than yourself and, if You are registering on behalf of an organisation, as an authorised representative of the organisation
- not to impersonate any person or entity or falsely misrepresent yourself
- not to abuse, harm, interfere with, or disrupt the Site – for example, by accessing or using it in fraudulent or deceptive ways, introducing malware, or spamming, hacking, or bypassing the Site’s systems or protective measures
- not to export, extract or otherwise scrape Material from the Site

Use of Information

Information provided by You in an Application, including information regarding any auspice, partner organisations or consortium (“partners”) will be collected and utilised by the Group and Group Representatives to:

- determine the Applicant’s eligibility for funding and the merit of the Applicant’s Application
- consider the Applicant’s suitability to receive funding by conducting fraud, corruption, and risk prevention checks
- provide the relevant grant and any related services to the Applicant following a successful Application
- contact the Applicant or the Applicant’s nominated representatives in relation to other relevant programs or opportunities from the NSW Government (unless the Applicant opts out at any time)
- administer any incidental functions of the Group
- comply with any statutory obligations

Information provided may be disclosed to parties external to the Group including, but not limited to:

- the Group’s subcontractors and consultants
- members of the Technical Review Panel and/or Assessment Panel
- the Net Zero Emissions and Clean Economy Board
- the Minister or Minister’s Office
- the NSW Department Climate Change, Energy, the Environment and Water
- the NSW Ombudsman and Audit Office of NSW
- the NSW Department of Premier and Cabinet
- the NSW Department of Customer Service

EV Kerbside Charging Application Form - Round 2

Form Preview

- other NSW Government agencies for the purpose of considering the User's suitability
- external advisors including probity, technical, financial, or legal advisors any agency or body of the NSW Government, or any other organisation or individual considered by the Group to have a need or an entitlement to know that information (including any federal, state or territory agency or body), where that need or entitlement to know that information or required by law to be disclosed, to those parties

The Group will use reasonable endeavours to ensure that any information received in or in respect of the Applicant's Application which is clearly marked 'Commercial-in-confidence' or 'Confidential' is treated as confidential however, such documents will remain subject to the Government Information (Public Access) Act 2009 (NSW) (GIPA Act); and in some circumstances the Group may release information contained in an Application and other relevant information in relation to the Application in response to a request lodged under the GIPA Act or otherwise as required or permitted by law.

Publication of information

If an Application is successful, the relevant details of the grant will be made public, including details such as the names of the grant recipients and any partnering organisation (state government agency or non-government organisation), project title, project description, location, anticipated time for completion and amount awarded.

The Group may also publish aggregated and non-identifiable data from the Applications received.

Retention of information

We will retain the information provided for a period that is appropriate for the purpose for which it was provided. The information will be archived and disposed of in accordance with the Group's policies and legislative requirements of the *State Records Act 1998* (NSW).

Privacy Notice

We value Your privacy and are committed to protecting Your personal details securely, in accordance with the [Privacy and Personal Information Protection Act 1998](#) (NSW), (PIIP Act), which regulates the collection, storage, quality, use and disclosure of personal information.

Personal information includes any information about an individual from which that person can reasonably be identified. It does not include information if the identity has been removed (anonymous data) or if it:

- can be found in a publicly available publication (such as a newspaper or book)
- is in a public register
- relates to someone's suitability for public sector employment
- is about people who have been dead for more than 30 years
- relates to some types of law enforcement and investigation activities

This Privacy Notice should be read together with our [Privacy Management Plan](#).

By providing information to us, You acknowledge that You are providing Your own information, or You've been authorised to provide information by the person You're providing information about.

Persons nominated within the Application have the right to access their personal information held by the Group, or have it corrected in certain circumstances (e.g., if it is incorrect). Should You wish to access or correct Your personal information contact the Group's designated privacy team at:

Disclaimer

The Applicant acknowledges and agrees that:

- information contained in an Application is provided by the Applicant voluntarily
- the Applicant may withhold information requested in an Application, however doing so may result in an unsuccessful application
- submission of an Application does not guarantee funding will be granted for any project
- the Group expressly reserves its right to accept or reject an Application at its discretion
- the Applicant is liable for the costs in preparing and submitting an Application
- the State of New South Wales and the Group do not accept any responsibility or liability for any costs, damages, or expenses, whether or not the Application is ultimately accepted or rejected
- the Applicant has read the guidelines for the Program and has fully informed itself of the relevant Program and Application requirements

Group Representatives do not give any representation, warranty or guarantee, whether express or implied, in relation to the information contained in each Application, including its completeness, accuracy, currency or reliability or the process by which they were prepared. Group Representatives do not purport and cannot give opinions regarding legal, accounting, regulatory, taxation or any other matters. Nothing contained in the Site may be relied upon as a promise, guarantee, representation or warranty by the Group.

Third Party Terms

The Site uses SmartyGrants (<https://smartygrants.com.au/>) functions, features and content and Your use of this Site is subject to Your acceptance of SmartyGrants' [Terms of Use](#) and [Privacy Policy](#).

Liability and Indemnity

With respect to the Site, to the maximum extent permitted by law, the Group excludes all liability to You/the User/the Applicant however arising (including from a negligent act or omission) under or in relation to the Site, the Material, the use of the Site, or these Terms and Conditions, including but not limited to loss of profits, loss or corruption of data, loss of reputation, loss of business, loss of business opportunities, loss of anticipated savings, loss of goodwill or for any type of special, direct, indirect, incidental or consequential loss or damage which may be suffered or incurred or which may arise directly or indirectly under or in relation to the Site or these Terms and Conditions.

To the extent allowed by applicable law, You agree to indemnify the Group, the State of New South Wales and their respective officers, employees, and contractors for any cost, damage, expense arising from third party claims, or third-party legal proceedings arising out of or relating to Your unlawful use of the Site or Your use of the Site in violation of these Terms and Conditions, except to the extent caused or contributed to by the Group.

Amendments

EV Kerbside Charging Application Form - Round 2

Form Preview

These Terms and Conditions and any third party terms and conditions referred to above are subject to change without notice to the User at any time. Your continued use of the Site will always be subject to the most current version of the Terms and Conditions including any third party terms and conditions referred to above.

General

With respect to the Site, these Terms and Conditions as well as the User's use of the Site shall be governed by the law of New South Wales and the parties submit to the jurisdiction of the courts of New South Wales and the Commonwealth of Australia.

Contact

For more information about the use of the Site or to make a suggestion or complaint, please contact the team at eccsgrants@environment.nsw.gov.au.

The User and its nominated representatives agree to be contacted by the Office or Service NSW for Business in relation to other relevant funding opportunities, programs and services from the NSW Government.

The User acknowledges and agrees with these Terms and Conditions.

User Agreement * Yes

The User and its nominated representatives agree to be contacted by the Office or Service NSW for Business in relation to other relevant funding opportunities, programs and services from the NSW Government. * Yes

Eligibility

* indicates a required field

Before you begin you must have read and understood all the eligibility criteria in the [guidelines](#). Below, confirm your eligibility against each criterion in order to submit an application for the EV kerbside charging grants. Many of the details and evidence required related to these eligibility criteria will be requested throughout the rest of the online form.

NOTE: Applicants are encouraged to review the round 2 [funding agreement](#) prior to submitting their application.

Priority zones

All Local Government Areas (LGAs) in NSW have been assessed to identify priority zones for kerbside charging infrastructure in round 2. To encourage equitable distribution of chargers across NSW, three tiers of priority zones with different co-funding amounts have been identified as below.

EV Kerbside Charging Application Form - Round 2

Form Preview

Priority zone tier

Description

Co-funding cap

Green

Areas where the most NSW Government co-funding support is needed

\$10,000 (ex GST) per charge port

Yellow

Areas where moderate NSW Government co-funding support is needed

\$8,000 (ex GST) per charge port

Blue

Areas where less NSW Government co-funding support is needed

\$6,000 (ex GST) per charge port

Priority zones and co-funding amounts have been established by analysing various socio-economic indicators including population density, housing type, housing tenure and motor vehicle ownership.

These zones are shown on the [EV kerbside charging grants map](#) and they attract different NSW government co-funding amounts. All chargers must be installed in these zones.

Do you confirm that all proposed chargers will be located in the priority zones listed in Appendix 2 of the guidelines? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Applicant requirements

Grant funding for round 2 will be available to charge point operators that must:

- be either:
 - an entity incorporated under the Corporations Act 2001 (Cth), or
 - a state-owned corporation or subsidiary of an Australian state or territory owned corporation.
- have and provide the ABN of their organisation
- hold the following insurances:
 - \$20 million public liability
 - workers' compensation

Do you confirm that you meet the above applicant requirements? *

- Yes
- No

EV Kerbside Charging Application Form - Round 2

Form Preview

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Site requirements

Sites must meet the site eligibility requirements listed in Table 4 of the guidelines.

This includes requirements related to:

- location
- access
- safety
- future development
- signage
- accessibility

Do you confirm that all of your proposed sites will meet the site eligibility requirements listed in the guidelines? *

- Yes
 No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Do you commit to installing and commissioning all sites within 12-months of executing the funding agreement with the NSW Government? *

- Yes
 No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Letters of support

To be eligible for co-funding, applicants must provide letters of support from each council where proposed EV chargers are to be located. Council letters of support must have the same site addresses as listed in the application and must confirm that proposed sites:

- do not conflict with any existing or planned bike lanes
- will not be impacted by scheduled site re-development in the next 5 years, OR, where sites are scheduled for re-development, EV chargers must be incorporated into the design of the re-development
- are not located on roads with greater than 50km/h speed limit

EV Kerbside Charging Application Form - Round 2

Form Preview

- are available to the public 24 hours per day, 7 days per week, except where the EV charger services a dedicated car share parking space (e.g. GoGet, Popcar)

A recommended council letter of support template is provided [here](#).

For any EV chargers that interact with an electricity supply authority asset (e.g. electricity pole, lighting pole, or electricity substation), applicants must also provide a letter of support from the relevant electricity supply authority.

Do you commit to providing letters of support from the above organisations for all proposed sites? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Operational requirements

Applicants are required to meet the operational requirements listed in Table 5 of the guidelines.

This includes requirements related to:

- installation and maintenance
- customer support
- renewable energy
- location
- branding
- pricing and payment options

Do you confirm that you will meet the operational requirements listed in the guidelines? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Technical requirements

All EV charger hardware and software proposed in your application must meet the technical requirements listed in Table 6 of the guidelines.

This includes technical requirements related to:

- hardware
- software

EV Kerbside Charging Application Form - Round 2

Form Preview

Do you confirm that all proposed EV charger hardware and software will meet the technical requirements listed in the guidelines? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Expenditure

Funding must only be used for eligible activities related to the installation of EV chargers listed in Table 7 of the guidelines.

Do you confirm that the co-funding requested in your application will only be used for eligible activities as listed in the guidelines? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Reporting requirements

A condition of funding is for applicants to report on the usage and operation of charging sites on a 6-monthly basis for one year following installation of each site. The objectives of the reporting are to increase:

- skills, capacity, and knowledge of the EV charging industry
- public awareness and understanding of the EV charging infrastructure sector
- understanding of barriers to EV charging technology and solutions to address them
- understanding of the performance characteristics of EV charging technology
- understanding of the financial requirements for EV charging infrastructure

Project reporting requirements are provided in Table 9 of the guidelines.

Do you agree to the reporting requirements for this program as listed in the guidelines? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Form Preview

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Do you commit to achieving a minimum availability / uptime of 99% per year across all the applicant's network of co-funded chargers? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Customer support

Do you commit to maintaining a support service line that is available 24/7 and providing a method of reporting issues and reaching customer support? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Renewable energy

Do you commit to sourcing renewable electricity for 100% of electricity used at all charging sites in perpetuity? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Location

Applicants must publish location details of each EV charger on a minimum of the following online public platforms:

- Google Maps
- Plugshare

EV Kerbside Charging Application Form - Round 2

Form Preview

- Charge@Large app.

Do you commit to publishing location details of each EV charger on the above public platforms? *

- Yes
- No

Please specify any other online public platforms you will be publishing charger location details on.

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Branding

Applicants must adhere to the EV kerbside charging grants funding acknowledgement guidelines including clearly displaying a 'Supported by NSW Government' branded decal sticker on all co-funded EV chargers or incorporating NSW Government branding into any EV charger wrap designs. Any third-party branding or advertising must not conceal the NSW Government branding.

Do you commit to the branding requirements above? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Pricing and payment options

DC chargers of 50kW or above must:

- provide an option for contactless payment that supports credit and debit card transactions that does not require a payee's mobile or internet signal
- clearly display pricing in cents per kilowatt hour without the payee requiring mobile or internet signal to access the pricing

Do you commit to the pricing and payment options requirements above? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Do all chargers in your application have an ingress protection rating of IP54 or higher? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Do all chargers in your application have an impact protection rating of IK08 or higher? *

- Yes
- No

You have chosen a response which means you are ineligible to apply for this grant. Please refer to the [guidelines](#) for further information.

Hardware documentation

Please upload data sheets for all chargers in your application evidencing:

- a minimum power output per EV charge port as follows:
 - AC single-phase - 7kW
 - AC 3-phase - 22kW
 - DC - 20 kW
- compliance with AS/NZS 4417.1:2020 and AS/NZS 4417.2:2020 Regulatory compliance mark for electrical and electronic equipment
- compatibility with OCPP 1.6 or 2.0
- a type 2 socket outlet (untethered cable) if AC output; and CCS2 if DC output
- an ingress protection rating of IP54 or higher
- an impact protection rating of IK08 or higher.

Please upload data sheets for all EV chargers in your application evidencing the hardware requirements above. *

Software documentation

Please upload documentation (e.g data sheets, screenshots) evidencing that all charger software is:

- capable of remotely managing the EV charger
- supported within Australia
- compatible with OCPP 1.6 or 2.0
- available on Android and iOS operating systems
- capable of publicly showing prospective users the availability status of the charger

Please upload data sheets for all software used in your application evidencing the software requirements above. *

Attach a file:

Site requirements

* indicates a required field

Please confirm that your proposed sites will meet the following site requirements. Sites must: *

- Be in a priority zone and be: in the road verge, adjacent to an area where a vehicle may lawfully be parked; OR on council owned and managed land e.g. community facilities, sports fields; OR in council owned carparks.
- Be available to the public 24 hours per day, 7 days per week, except where the EV charger services a dedicated car share parking space (e.g. GoGet, Popcar)
- Not obstruct or modify vehicular, cyclist, or pedestrian access to or from an accessway, driveway, or building
- Not obstruct or modify micromobility devices or pedestrian movement along a cycleway or footpath
- Be located between the footpath and the road so charging cables do not impact or cross the footpath
- Not be located on roads with greater than 50km/h speed limit
- Be well illuminated and meet standards in accordance with AS/NZS 1158 Series: Lighting for roads and public spaces
- Not conflict with any existing or planned bike lanes
- Not be impacted by scheduled site re-development in the next 5 years
- Include instructional signage on how to use the EV charger. Signage must be clearly visible to the user at the charging site or accessible via a QR code displayed on the EV charger
- Use NSW Government approved 'EV only' regulatory parking signage (where applicable) and pavement markings if parking signage is changed

Applicants must meet all the above requirements to be eligible for funding. Please refer to the guidelines for further information.

EV Kerbside Charging Application Form - Round 2

Form Preview

Are you proposing any installations in council car parks? *

- Yes
- No

Sites in council car parks must: *

Meet the relevant disability accessible standards in accordance with AS/NZS 2890.6 Cl. 2.2.2 or AS/NZS 2890.6 Cl. 2.2.1, Cl.3.2 b) 11) as applicable and demonstrate that access for people with disability has been considered, including the height and access to use screens and the usability of digital and physical infrastructure for people with various types of disabilities, in compliance with relevant guidance and standards

Applicants must meet the above requirement to be eligible for funding. Please refer to the guidelines for further information.

Letters of support from councils

To be eligible for co-funding, applicants must provide letters of support from each council where proposed EV chargers are to be located. Council letters of support must have the same site addresses as in the application and must confirm that proposed sites:

- do not conflict with any existing or planned bike lanes
- will not be impacted by scheduled site re-development in the next 5 years, OR, where sites are scheduled for re-development, EV chargers must be incorporated into the design of the re-development
- are not located on roads with greater than 50km/h speed limit
- are available to the public 24 hours per day, 7 days per week, except where the EV charger services a dedicated car share parking space (e.g. GoGet, Popcar)

A recommended council letter of support template is provided [here](#).

Council

Letter of support

Council	Letter of support

Letters of support from electricity supply authority

For any EV chargers that interact with an electricity supply authority asset (e.g. electricity pole, lighting pole, or electricity substation), applicants must also provide a letter of support from the relevant electricity supply authority.

Do any of your proposed charger installations interact with an electricity supply authority asset (e.g. electricity pole, lighting pole, or electricity substation)? *

- Yes
- No

Please upload letters of support from each relevant electricity supply authority. *

Attach a file:

Applicants may supply one letter of support from an electricity supply authority for multiple sites.

EV Kerbside Charging Application Form - Round 2

Form Preview

Site details

* indicates a required field

Applicants must request a **minimum of \$100,000 in NSW Government co-funding**. There is no limit to the number of sites that can be requested provided the **NSW Government contribution cap of \$800,000** per applicant is not exceeded.

The NSW Government contribution must be no more than 80% of the total installation and equipment cost (TIEC) per requested EV charger, capped at:

- Green zones - \$10,000 per charge port
- Yellow zones - \$8,000 per charge port
- Blue zones - \$6,000 per charge port

Please see an example budget in Table 10 in the [guidelines](#) for further information.

If you are not proposing any sites in a particular zone type (i.e. green zone, yellow zone, or blue zone) please select the 'no' option in the questions below to hide the sections not required. This will prevent errors occurring with the calculations if a zone type is left blank.

Any error messages in the tables won't clear until the error has been fixed and that page has been saved.

Please ensure there are no blank rows in any of the below tables as this will result in an error.

Green zones

Please refer to the [EV kerbside charging grants map](#) for locations of green zones.

Are you applying for any sites located in a green zone?

- Yes
 No

Green zones

Please provide details of all proposed sites in green zones below.

Address	Name (SA2)	# of charge ports	Power output per charge port	Total installation and equipment costs (TIEC)	80% of TIEC	Co-funding request	Co-funding request per charge port
				\$	\$	\$

This number/amount is calculated.

Site design

Please upload an indicative site design. If your application includes more than one installation type (e.g. pedestal, pole mounted, kiosk, etc.), please upload an indicative site design for each.

Please upload an indicative site design. *

Attach a file:

Please provide information regarding any additional services provided at the site (e.g. advertising, signage, etc.).

Word count:

Must be no more than 100 words.

Merit Criteria

* indicates a required field

The information provided in the following sections will be competitively assessed against the merit criteria in the [guidelines](#). Please address all aspects of each merit criterion.

EV Kerbside Charging Application Form - Round 2

Form Preview

Project plan

Please upload a detailed project plan with the following sections clearly marked:

- **Strategy and vision:**
 - an overview of the corporate strategy regarding EV charging and operating a kerbside charging network
 - the rationale for the number of sites in the project
 - the rationale for the proposed location of chargers across different zones in the project
 - the rationale for the charger types (e.g. electricity pole, pedestal, etc.) and capacities (kW)
- **Previous experience:**
 - an overview of similar projects, including whether timeframes and budget expectations were realised
 - the use of hardware and software solutions that have a proven track record, provide high reliability, and create a positive user experience
- **Project delivery:**
 - an overview of how the project will be managed and delivered on time
 - expected timeframes for each stage of the project
 - identification of roles and responsibilities including profiles of key project team members
 - identification of key project risks and how these will be managed
 - responsibility and resourcing for timely customer support and maintenance
 - maintenance schedules and expected timeframes for reactive maintenance and how chargers will achieve a minimum uptime requirement
 - how chargers will be decommissioned or replaced at their end of life

Please upload your project plan. *

Attach a file:

Financial plan

Please upload a detailed financial plan which includes:

- a breakdown of the total installation cost estimates including (where available and applicable):
 - EV charger hardware and associated components
 - civil and electrical works
 - electricity supply authority connection fees
 - planning approval and parking space application fees
 - installation of NSW Government approved regulatory parking signage and pavement marking
- annual operational and maintenance cost estimates including (where available and applicable):
 - electricity
 - hardware and software maintenance
 - customer service

EV Kerbside Charging Application Form - Round 2

Form Preview

- parking space leasing
- leasing for pole mounting
- revenue forecasts for multiple charger usage scenarios (i.e. low, medium and high) including:
 - number of charge sessions per day, expected dwell times, expected kWh delivered per charge session
 - fee structure and cost to end user (including idle fees if applicable)
 - rationale for any assumptions made
- payback periods with and without NSW Government co-contribution

Please upload a financial plan. *

Attach a file:

Please provide an overview of the applicant's capability to meet expected project costs during development and operation. *

Word count:

Must be no more than 150 words.

Please upload any additional supporting documentation (e.g. annual report, financial statements, etc.)

Attach a file:

Declaration

* indicates a required field

I am an authorised representative of the organisation making this application. As the authorised representative for my organisation, I agree that I:

- have read and understood the funding guidelines for the NSW EV kerbside charging grants

EV Kerbside Charging Application Form - Round 2

Form Preview

- understand that I may be requested to provide further clarification on documentation to verify the information supplied in this form and that the NSW Government may consult with other agencies and enlist external technical or financial advisors to advise on information provided in this application form

If successful, I:

- understand that my organisation must enter into an agreement with a signed funding agreement with the NSW Government before financial assistance is provided
- understand that, if an offer of financial assistance is made, I will have a limited period of time of 15 working days in which to negotiate and finalise an agreement before the funding deed is formally executed
- declare the information contained in this application, to the best of my knowledge, is true, accurate and complete
- acknowledge that if the NSW Government is satisfied that any statement made in the application for funding is incorrect, incomplete, false or misleading, the NSW Government may take appropriate action. I note such action may include excluding an application from further consideration, withdrawing an offer of funding, and/or terminating any funding deed entered into

I agree to the above declaration *

Yes
